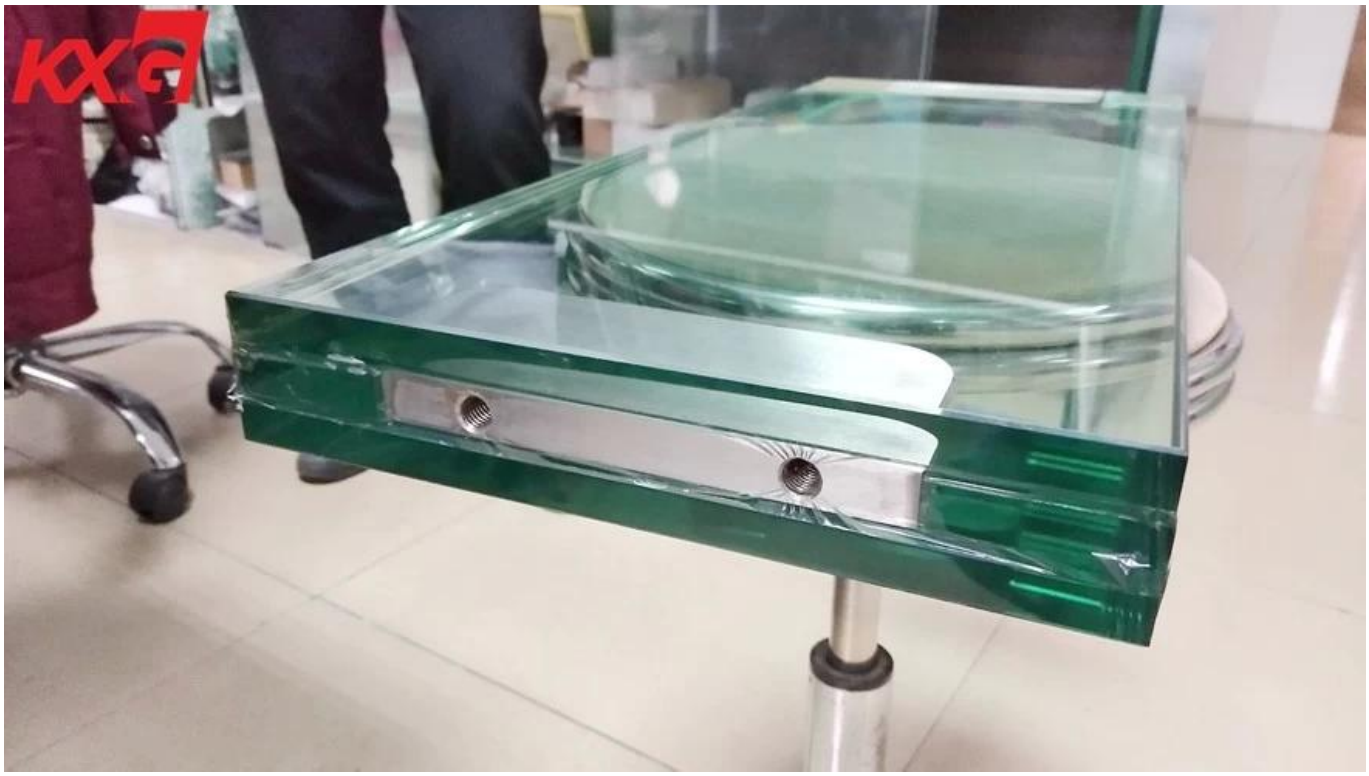
China Kunxing Glass Factory produce Good quality 15+1.52SGP+15+1.52SGP+15mm clear tempered laminated glass, 48mm clear tempered SGP film laminated glass



About 48mm clear tempered SGP laminated glass

1. 48mm SGP laminated glass is make of 15mm clear tempered glass +1.52mm SGP film +15mm clear tempered glass +1.52mm SGP film+ 15mm clear toughened glass.

2. SGP film has a very high strength, SGP laminated glass carrying the same thickness of the PVB sandwich bearing capacity of 2 times. The same time load and thickness of the case, SGP laminated glass bending deflection only 1/4 of PVB laminated glass

Specification

Size: Max size 3300*8000mm, custom cut sized is available

Thickness of SGP film: 0.89mm, 1.78mm, 2.76mm, 3.56mm

Deep processing: edge worked, drilling holes, cutout etc.

15mm+15mm+15mm SGP laminated glass Characteristic

SGP film, with a transparent, high mechanical strength, good impact resistance, is the safety of high glass varieties, with explosion-proof, bulletproof, anti-typhoon and other high security.

15mm+1.52 SGP+15mm+1.52 SGP+15mm tempered laminated glass Applications

1. Glass barriers of public building

2. Balcony doors and windows

3. Indoor partition staircase between the glass and shield

4. A typical building airport terminal

5. Glass roof

6. Glass patio

7. Tilt installation of the window
