

# 10mm digital printing tempered glass, 10mm digital printing toughened glass produce by China professional deep processing building glass factory

## About the 10mm digital printing tempered glass from KXG building glass factory

10mm digital printing glass is picture printed on the surface of the glass by digital printing machine, then dried and high temperature tempering to make the color glaze permanently adhere to the glass surface.

[Digital printing glass](#) is The inorganic high temperature ink printed on the glass by a digital printing process, and then high temperature tempering to make colors permanently fix on the glass surface. 10mm tempered digital printing glass has strong acid resistance and corrosion resistance

## Characteristic of 10mm digital printing toughened glass

1. Thickness: 10mm, also can provide 6mm, 8mm, 12mm, 15mm, 19mm digital printing tempered glass
2. Size: Max size in 3300\*8000mm, any customized size can be meet your requested.
3. Digital printing glass make as [tempered glass](#), except for 10mm digital printed glass, others available in 19mm 15mm 12mm 6mm 5mm 4mm 3D digital printed glass.
4. Special processing: drill holes, polished edge, round edge, bevel edge, etc.
5. When you consider to design the tempered glass with silkscreen pattern, the light transmission will be effected by the different patterns.

### 10mm Digital printing toughened glass Characteristic

- 1.A wide range of silk screen printed glass products. Can be produced by applying various customers required patterns, with multi colors.
- 2.Scratch resistant, [acid and alkali resistant](#).
- 3.High color stability, durable and without color fading.
- 4.Safety glass with tempered glass desirable properties
- 5.Effective in providing solar shading

### KXG building glass factory digital printing and silk screen printing glass equipment

KXG building glass factory also can produce tempered glass, laminated glass, insulated glass, [acid etched frosted glass](#), tempered shower door, beautiful and safety balustrade glass, safety skylight glass ect.
