

## **Building Glass Factory High quality Tempered Printing Digital Glass Panel ,Toughened Ceramic Frit Silk Screen Printing Glass**

### **How to make digital printing glass?**

Digital printing glass is using the latest state of the new printing technology and printing directly onto the glass which you can create a truly unique design with a digitally printed image or design using your own image,etc.

Digitally printing glass supersedes the traditional restrictions of decoration architectural glass printing and glass decoration methods, it offers a fast, efficient means of applying graphic designs etc directly onto glass surface. With digital ceramic in-glass printing, you can cost-effectively create designs that reflect your artistic vision without sacrificing material durability, quality and functionality.

Painted glass Specification: painted glass, digital printed glass
