

8mm safety tempered canopy [glass China manufacturer](#)

The canopy protects people from entering the building, keeping the weather away from the door, using glass to build a [canopy](#), allowing natural light to enter the entrance and making the entrance brighter.

KXG Glass produces very good quality 8mm tempered glass for canopy, including transparent safety tempered glass, anti-freeze [tempered glass](#), patterned screen printing glass, thermal control tempered glass, energy-saving reflective tempered glass, etc.

- High strength: 8mm tempered glass is 3-5 times stronger than 8mm ordinary float glass, not easy to break, can withstand high weight
- Custom design: any size - up to 3000 * 8000mm, any shape - any process such as plane, curve, square, rectangle, etc. - drilling, cutting, polishing edges, etc.
- High safety: When 8mm tempered glass is broken, it becomes small particles, which is harmless to the human body.
- Reasonable cost: 8mm tempered glass is much lower than laminated glass and [insulating glass](#)

Feature(性能)	Tempered(钢化)	Heat strengthened(半钢化)	Normal(普通)
Safety(安全性)	best(最好)	general(一般)	none(没有)
Intensity(强度)	150mpa	100~1520mpa	30~90mpa
Thermal stability(热稳定性)	250~320°C	100°C	2~100°C
Surface stress(表面应力)	95mpa	24~69mpa
Broken state(破碎状态)	obtuse-angled grain(钝角颗粒)	shooting broken(放射状破碎)	sharp(锐利)
Self-destruction(自爆)	sometimes(会)	seldom(基本不会)	never(不会)

You can buy the advantages of canopy glass from KXG

- One-stop professional services such as CAD drawing design, safe transportation arrangements, etc.
- Powerful packaging and safe loading, all glass will be packaged in a powerful export plywood box and loaded in a metal belted container to ensure glass safety during transport.
- Very good quality glass, no air bubbles, no scratches, no defects, ISO and CE, ANSI [certificated](#).
- Fast delivery time, 1000 square meters, production time in 7 days
