Specification of 6 mm dark blue reflective glass

Standard size: 2140*3300mm, 2140*1650mm, 2250*1650mm, 2250*3300mm, 2440*1650mm, etc.

Deep processing: Easy to be cut, tempered, laminated or insulated, etc.

Delivery: 7-10 days after order is confirmed.

Characteristic of 6mm dark blue heat reflective float glass

- 1.It has good effect of heat preservation and energy saving, helping to make the building inside cool in summer and warm in winter.
- 2.High visible light transmitting rate and make a good looking of the building.
- 3.Anti UV ray, prevent the sunshine from making the inside furniture faded.
- 4.It makes the building more attracted because of the different color of the reflective glass.

Application of 6mm dark blue one way reflective glass

- window glass
- interior railing glass
- exterior balcony glass
- exterior curtain wall glass, etc.
