

**China Kunxing Glass Factory produce Good quality
15+1.52SGP+15+1.52SGP+15mm clear tempered laminated glass,
48mm clear tempered SGP film laminated glass**

About 48mm clear tempered SGP laminated glass

1. 48mm SGP laminated glass is made of 15mm clear tempered glass +1.52mm SGP film +15mm clear tempered glass +1.52mm SGP film+ 15mm clear toughened glass.
2. SGP film has a very high strength, SGP laminated glass carrying the same thickness of the PVB sandwich bearing capacity of 2 times. The same time load and thickness of the case, SGP laminated glass bending deflection only 1/4 of [PVB laminated glass](#)

Specification

Size: Max size 3300*8000mm, custom cut sized is available

Thickness of SGP film: 0.89mm, 1.78mm, 2.76mm, 3.56mm

Deep processing: edge worked, drilling holes, cutout etc.

15mm+15mm+15mm SGP laminated glass Characteristic

SGP film, with a transparent, high mechanical strength, good impact resistance, is the safety of high glass varieties, with explosion-proof, bulletproof, anti-typhoon and other high security.

15mm+1.52 SGP+15mm+1.52 SGP+15mm tempered laminated glass Applications

1. Glass barriers of public building
2. Balcony [doors and windows](#)
3. Indoor partition staircase between the glass and shield
4. A typical building airport terminal
5. Glass roof
6. Glass patio
7. Tilt installation of the window
