# China professional building glass factory produce 6mm blue tinted tempered glass 6mm blue color toughened glass price

About 6mm blue tinted tempered Glass

Tinted glass is produced by the float process with addition of a bit quantities of metal oxides to make normal clear glass be color and then enters the cooling bath after floats on the surface of molten tin under the action of centrifugal force and its surface tension, to get the two sides of glass to be smooth and even and ripple to disappear.
We use the tinted glass material panel to do deep processing. Cutting, drilling holes, water jet cut out, tempering, laminating and insulating.
The color density of tinted glass is a function of thickness, as the glass gets thicker the density of the color increases and the amount light transmittance decreases.Tinted tempered glass reduces solar remittance by absorbing a large proportion of the solar energy,the majority of which is control and energy reduction.

Kunxing Glass Company Available Below Tinted Glass Specification:

Thickness: 4mm, 5mm, 6mm, 8mm, 10mm, 12mm, 15mm, etc.
Size: 2140x3300mm, 2250x3300mm, 2140x1650mm, 2440x1650mm, 2140x3660mm, 2440x3300mm, etc.
Color: Euro Bronze, Dark Grey, Euro Grey, Dark Green, F-Green, Dark Blue, Ford Blue, Black, etc.

Euro Bronze   Golden Bronze   Dark Bronze   F - Green

Euro Grey   Dark Grey   Blue Grey   Dark Green

Dark Blue   Ford Blue   Ocean Blue   Pink

6mm blue tinted toughened glass

6mm blue tinted toughened glass is a kind of tinted glass or colored glass.Because its special
color, 6mm blue tinted toughened glass has become a widely used decorative glass.

6mm blue color tempered glass features:

• Energy saving through good heat absorption which reduces the transmission of solar heat radiation.
• The body tinted tempered glass can reduce transmission of the sun's harmful rays.
• Subdued colour range,complementing other building materials and natural surroundings.
• Suitable for each level of glass processing such as tempered heat strengthened.
• Can be laminated,toughened,bent and enamelled using standard techniques.

China factory 6mm blue tinted glass application:
• External use of windows, doors, balcony, curtain wall, etc.
• Interior glass screens, partitions, balustrades, etc.
• Furniture like table tops, showcases, shelves, etc.
