## The Table Top Glass Edge Working

Custom cut table top glass in variety of shapes and sizes, with finished edges: round, oval, square, rectangle, pencil, flat polished, beveled, decorative...

Edges available: flat polished, beveled polished, pencil polished, ogee polished, etc.

Flat polished: for a minimalist look, the glass tabletop edge has been polished to a smooth shiny finish.

Beveled polished: fancy angle looks nice and sophisticated. The edges of the table are cut and polished at an angle with a specific bevel width. This process made the glass tabletop thinner around the edges and thicker in the center.

Pencil polished: with circle or oval shapes, looks like a lead pencil with its rounded, polished edge.

Ogee polished: a gentle "S" shape that delights your eyes.
